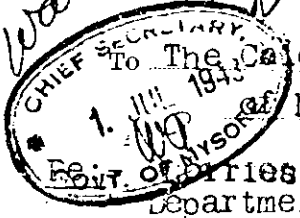
GOVERNMENT OF MYSORE.

OFFICE OF the Chief Engineer of Mysore, P.W. Department, - Bangalore.

No. 2365 Date 30 June '43.



To The Chief Secretary to the Govt. of Mysore, - Bangalore.

Re: Lorries lent to the A.R.P. Department.

Sir,

With reference to correspondence ending with your letter No.4345/W dated 28th May 1943, on the above - subject, I have the honour to request you kindly to issue necessary instructions in the matter of returning all the lorries lent to the A.R.P. Department by this Department as they are very urgently required for use on the works in this Department and as the A.R.P. works are now suspended. This proposal was agreed to by you a few days ago.

I have the honour to be,
Sir,
Your most obedient servant,

30/6/43
Chief Engineer of Mysore.

V.M.S/26/28th.

There was a telephone from the ARP officer Bexley requesting orders about the detention at the 2 WD Lorries at the ARP officials duty for being shared by the Civil Defence Dept who required and it was referred to the Chief Secretary for orders on 30th June 42.

(AS 3/7)

The Bexley Engineer is arranging for repairing the 2 lorries which have been detained and five fire brigade lorries. The A.R.P. officer whom I contacted informally was agreeable to release them on condition that they should be made available to him in case of emergency. He may be

Returned with compliments to the Chief Secretary to Govt.

Two tankers. Mys 9370 and Mys 8444, built by the P.W.D are used as fire-fighters by the Fire-Brigade established in the city. Vehicle Mys 9370 is kept in the Fire-Brigade office, P.B. Lines and Mys 8444 in the ARP HQ for the want of garage accomodation in the P.W. lines.

The two tankers are particularly useful in those parts of the city where there are no fire-hydrants and are put into operations, with the valve chambers are opened and water pumps put into action to control the fire. I am of opinion that the retention of these tankers, which are self-propelled units, with the Fire-Brigade will be of great advantage to control fires that may break out in the city, as facilities for water particularly for fire-fighting purposes have not been properly arranged so far in the city.

If the need for these two tankers by the P.W.D is very urgent and the govt. deems their return to the P.W.D, the two tankers with the staff P.W.D, who may kindly be instructed to open the tankers to the ARP, on the days of practice and whenever required by the Fire-Brigade to deal with accidental fires, in case these services are found necessary in addition to the water pumps.
